HONORING THE LIFE OF MICHELE **JENKINS**

HON. MIKE GARCIA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES Friday, February 17, 2023

Mr. MIKE GARCIA of California. Mr. Speaker, I rise today to remember the life, memory, and service of Michele Jenkins, a loving mother, generous friend, and selfless servant of her community. A resident of the Santa Clarita Valley since 1964, Michele dedicated herself to bettering the lives of others through decades of service.

After graduating from William S. Hart High School, Michele attended the College of the Canyons before receiving a bachelor's degree from UCLA and a master's degree from the University of North Dakota. Grateful for the opportunities she had received as part of College of the Canyon's 1969 inaugural class, Michele was elected by the community to serve on college's Board of Trustees in 1984.

Michele remained on the board until her passing earlier this month, making her the Board of Trustees' longest-serving member. During this time, Michele served 6 terms as president, 5 as vice president, and 7 as clerk. Michele also participated in numerous groups and committees for the Board and led robust fund-raising efforts for the college. Among one of her most notable and lasting impacts on the board was her role in spearheading the effort to hire Dr. Dianne Van Hook as COC Chancellor. From 1988 onwards, Michele and Dr. Van Hook would work closely together to successfully transform the College of the Canyons from a local community college into a renowned institution which educates 20,000 Californians every year.

While her work with COC was the cornerstone of her life in public service, Michele's giving back to the community did not begin and end with the college. She also helped start the Santa Clarita Valley chapter of the League of Women Voters, as well as the local branch of the American Association of University Women. Additionally, Michele received the Single Mother's Outreach award for her efforts to support single parents. In what time remained, Michele enjoyed entertaining others, especially COC faculty and staff, and most importantly, spending time with her family.

While she will be dearly missed, Michele's impact on her family, the College of the Canyons, and the Santa Clarita Valley will not be forgotten. We will continue to honor Michele's incredible life and keep the Jenkins family in our prayers.

OBSERVING NATIONAL DEVELOP-MENTAL DISABILITIES AWARE-NESS MONTH

HON. LISA BLUNT ROCHESTER

OF DELAWARE

IN THE HOUSE OF REPRESENTATIVES

Friday, February 17, 2023

Ms. BLUNT ROCHESTER. Mr. Speaker, I rise today to call attention to National Developmental Disabilities Awareness Month. While those with developmental disabilities in Delaware and around the country should be seen and heard throughout the year, we need to take this month to learn and become more aware of the issues facing these Americans.

As of last year, 186,592 Delawareans were living with a disability and, of those living with a disability, it is estimated that 1.8 percent, or 3,359 Delawareans, are living with a developmental disability. While major strides have been made in making facilities, services, and opportunities accessible, Americans with disabilities—especially those with developmental disabilities—are still marginalized.

Americans with developmental disabilities face significant inequities. According to the Delaware Developmental Disabilities Council, Delawareans with developmental disabilities face experience higher rates of obesity, diabetes, and pregnancy complications, as well as an increased risk of adverse outcomes from COVID-19. People with developmental disabilities also face adversity from unconscious and conscious biases. And accessibility remains a significant issue that requires more attention.

It is for those reasons that National Developmental Disabilities Awareness Month is so important. Since it was first observed in 1987. National Developmental Disabilities Awareness Month has helped spark a national conversation about addressing these issues. This March, we must recommit to gaining a better understanding of developmental disabilities, and to making our country accessible and equitable for all.

HONORING LAWRENCE ALLEN AS A DISTINGUISHED LEADER IN CENTRAL FLORIDA FOR BLACK HISTORY MONTH

HON. DARREN SOTO

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES $Friday,\ February\ 17,\ 2023$

Mr. SOTO. Mr. Speaker, Lawrence "Lare" Allen is a lifelong resident of Osceola County Florida. He graduated from Osceola High and then from the United States Military Academy at West Point. After a tour in the Middle East, he returned to Osceola County to begin a career in education.

One of his biggest fears was being the person who extinguished a child's natural love of learning. He aspired to impart a sense of adventure, hope, and belief to his students. He wanted them to know they could become happy, productive members of society. He treated his students as if they were his younger cousins. He met them where they were and helped them move forward along their own journey.

Lare Allen believes a free quality public education should be available to all citizens. He has worked diligently to achieve that goal within his community. He understands that it begins with supporting the people who support our students since educator working conditions are student learning conditions. He noticed that too often legislation was implemented that did more harm to the students than good, so he became involved in his local union.

Since there was always more work available than people to do the work, he stepped forward to volunteer in a variety of roles. Regardless of one's party affiliation and regardless of one's race religion or creed, he would sit down to discuss how to better serve the students because he believed collaboration achieved better results than competition.

Lare Allen is currently the president of the Osceola County Education Association. He intends to retire this year. He will begin a new career as a day trader with more time to advocate for staff and students at the school board and state levels. He is happily married to his beautiful wife, Laura Portorreal Allen. They have several amiable children.

RECOGNIZING JAKE WOODARD'S BRAVERY AND HEROISM

HON. BRIAN K. FITZPATRICK

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES Friday, February 17, 2023

Mr. FITZPATRICK. Mr. Speaker, I rise today to recognize an outstanding constituent from my district, Jake Woodard. Late in the evening on the day after Christmas, with freezing temperatures, Pennsbury High School Junior, Jake Woodard's family was driving home from a holiday party. As they were driving, Jake, a certified lifeguard and member of Pennsbury's JROTC program, noticed a car had pulled over to the side and a man was lying on the ground. A woman was waving for help. Jake immediately demanded that his dad pull the car over so he could help.

Jake got out of the car, and he immediately came to the aid of the man on the ground. Ap-

parently, the man had been walking on the sidewalk and hit a large patch or ice that was about three inches thick and landed on his back, likely hitting his head on the ground.

A woman and her son had seen the man and pulled over. However, as they were unsure how to help him, they waved down Jake's car for help. As the adults stood around questioning what to do, Jake took a knee and began speaking to the man by identifying himself and telling him he was there to help. The man told him his name and stated he had been on the ground for about 15 minutes. As the man was groaning in pain and stating that he couldn't move, Jake advised the man not to move. After a few minutes, the man lost consciousness, and as his eves rolled to the back of his head, his tongue also rolled to the back of his throat. Jake reached into the man's mouth and cleared his airway to ensure he could properly breathe.

As they waited for the EMTs to show up, Jake continued to take the man's pulse and repeatedly checked that the man was still breathing all while saying "Dan, you are going to be okay, but you need to stay with us."

When the EMTs showed up, Jake immediately told them what had happened, how long he had been there, and included the rate of his pulse and breathing. As the EMTs stabilized the man's neck, Jake continued to speak to the unconscious man, Dan, telling him help was here, and that he needed to try and wake up.

When the EMTs struggled to get the man onto the gurney because of the thick ice, they asked Jake to assist. He reached under the man's lower back and legs, and as best he could he kept him stable while assisting the man onto the gurney. The man never regained consciousness, but Jake made sure the man didn't move, was still breathing, and made sure he knew he wasn't alone.

When it was all said and done, Jake's mom proudly hugged her son, and asked him how he knew what to do. He said lifeguarding taught him what to do and JROTC taught him why to do it, as he stated it was his duty to help.

We are all incredibly grateful for the bravery and heroism of Jake Woodard and all that he does for our community.

In addition, under Dr. Sperling's leadership, Chabot College established the Dream Center

Even before serving as President, Dr. Sperling's service to Chabot College goes back 36 years. She first served as an anthropology instructor, where she developed a new program curriculum. Dr. Sperling has also served in a series of faculty leadership roles, including faculty union president, college curriculum chair and dean of social sciences.

An anthropologist by training, Dr. Sperling received her doctorate at the University of California, Berkeley, and completed postdoctoral research at the University of California San Francisco. This led to early career academic posts at University of California Berkeley, San Jose State and several community colleges.

As a community college serving marginalized and low-income communities, Dr. Sperling has brought a democratic vision to Chabot College, advocating for equal access to education and improving access to career pathways.

I join the community in celebrating the many achievements of her career and wish her rest and relaxation. I know Dr. Sperling looks forward to focusing more of her time on anthropology, serving her community and spending quality time with family, including her husband, Marc Janowitz, son, Max Landes, and daughter-in-law Emily Mraz.
